**MADISON COMMUNITY FOUNDATION**

The mission of the Madison Community Foundation (MCF) is to encourage, facilitate and manage long-term philanthropy. Since 1942, MCF has been connecting donors like you with causes they care about most, helping them make a positive difference now and far into the future.

MCF stewards the gifts that donors provide, investing them to create earnings. Those earnings are used to support the charitable interests of fundholders and the grantmaking capacity of MCF, providing resources for the community...forever.

*MCF is in compliance with the National Standards of U.S. Community Foundations, administered by the Council on Foundations, a membership organization of more than 2,000 grantmaking foundations and giving programs worldwide, affirming a commitment to financial security, transparency and accountability.*

**HOW TO MAKE A DONATION**

There are many ways to give to the Friends of Dane County Parks Endowment: cash, electronic funds transfer, closely held stock, mutual fund shares, publicly traded securities, and real estate. You can also leave a legacy through bequest in a will, life insurance, retirement plan assets, and charitable gift annuities.

**For giving, please contact**
Madison Community Foundation
608-232-1763 or toll-free at 1-888-400-7643
Or visit [www.madisoncommunityfoundation.org](http://www.madisoncommunityfoundation.org)

What is the Friends of Dane County Parks Endowment Fund?

The Friends of Dane County Parks Endowment Fund is a permanent source of private funding managed by the Madison Community Foundation. Resources that may be donated to the Endowment include cash, stock and real estate, and are eligible for tax benefits.

The Madison Community Foundation will distribute earnings from the Endowment to Dane County Parks every year to support education, interpretation and volunteer opportunities in the Dane County Park System. Dane County Parks may choose not to take distributions in the early years of the Endowment so that it has time to grow. Madison Community Foundation will ensure that the fund distributions are used properly.

The Fund’s goal is to improve quality of life throughout Dane County by financially supporting:

**Interpretation** – creating awareness and exploration of the cultural heritage, archeology, geography, climate and natural resources of Dane County.

**Education** – engaging children, adults, communities, and organizations in outdoor learning and creativity.

**Volunteerism** – supporting and encouraging individuals and groups to contribute their time, effort and resources for the benefit of their park system.

Your gift will help the Dane County Park System:

- County Parks
- County Dog Parks
- Natural Resource Areas
- Wildlife Areas
- Historical/Cultural Sites
- Forests
- Trails

Provide for today... create a legacy for tomorrow!
